While we contend that SB220 should only be potentially applicable to a contract issued after the effective date of said bill, this is to clarify that for purposes of this contract, regardless of the execution or effective dates of this contract, the status of Utah Law and remedies available to the State of Utah and DFCM, as it relates to any matter referred to or affected by said SB220, shall be the Utah law in effect at the time of the issuance of this Addendum.

2.1 SCHEDULE CHANGES: There are no Project Schedule changes

2.2 GENERAL ITEMS: Questions/Answers

2.2.1 Question: Is there a page limit on the “performance and references” section of the submittal?

Answer: No

2.2.2 Question: In the Stage-1 documents it is listed that the “statement of qualifications” and “project management approach” is limited to two pages. It was mentioned at the meeting yesterday that two pages should be sufficient but that it was o-k if it was longer. Please clarify. Is two pages the limit or not?

Answer: The limit is two pages as indicated on page 7 of the RFP.

2.2.3 Question: Three copies of the “statement of qualifications” and the “project management approach” are requested. It was mentioned that fax and email submittals are acceptable. How should the three copy request be fulfilled if we choose to email our information?

Answer: The fax or e-mail comment was only applicable to the recertification forms. If you are submitting statement of qualifications and project management approach documents, three hard copies are required.

2.2.4 Question: What is the email address for our Stage-1 documentation?

Answer: This is only applicable to recertification forms. Use the e-mail address given in the RFP: lynnhinrichs@utah.gov

2.2.5 Question: Is a hard copy submittal preferred to faxing or emailing?

Answer: This was answered in item 2.2.3 above.
